

INSTRUCTIONS FOR COMPLETING THE COMMERCIAL ON-SITE SEWAGE SYSTEM PRE-APPLICATION

Part of State Form 56275 (R / 8-19)

Section 1. Project Information – Provide the name of your proposed project or business.

Section 2. Project Location – Provide the location information of the proposed project:

1. If the proposed location does not have an address yet, provide location information (e.g. across the road from 555 CR 200 North; or northeast corner of SR 3 and CR 200 North intersection) that can be used to locate the property on web maps. Include city/town name and the county in which the project is located.

Section 3. Applicant / Agent Contact Information – Provide the information of applicant or agent who will be the main contact (e.g. project manager) of the project:

1. Include a postal address, city, state, ZIP code, telephone number and an email address.

Section 4. General Project Details – Complete the general project details section:

1. Provide the general project details regarding the business / facility hours (e.g. M – F, 8:00 AM to 5 PM).
2. Include the total number of employees for full time, part time, and seasonal for each shift. **If you are planning on expanding the business in the near future, include the additional employees in your numbers.**
3. If the facilities will have shower facilities on-site, please provide frequency of the shower use. If employees are required to shower before and/or after entering and/or exiting the facility (e.g. 2 times per day at the facility), note this in the applicable box. Check No if none or if only for emergency use.
4. If the facilities will include a washing machine(s), provide the maximum number of loads of laundry that would be done in one day.
5. Please indicate if there will be a residential sized washing machine(s) or if there will be a commercial/industrial sized washing machines.
6. For commercial facilities that include living quarters, bedrooms, or a residence to be included in the proposed on-site sewage system assessment, provide the number of bedroom units. An example would be the following: The apartment building will have five 1-bedroom apartments, ten 2-bedroom apartments, and four 3-bedroom apartments.
7. Provide the estimated peak amount of customers and the average length of stay (only if they have access to the facility's restrooms).
8. Provide a brief business narrative describing your proposed project / facility below. If you require additional space to complete the narrative, attach additional pages as needed.
9. Include a typed name or signature certifying the information provided is true, complete, and accurate to the best of your knowledge.
10. Please see the following brief business narrative examples.

The Lakeside Restaurant will have seating capacity of 22 patrons. We will staff up to 4 wait staff, 1 hostess, 3 chefs, 1 bartender, and 1 dishwasher. The kitchen equipment will include an eight top burner stove and convection oven.

INSTRUCTIONS FOR COMPLETING THE COMMERCIAL ON-SITE SEWAGE SYSTEM PRE-APPLICATION

(continued)

Part of State Form 56275 (R / 8-19)

Office Solutions is a family based consulting firm for stream lining your business operations to help make your office run like a well-oiled machine. Our staff will consist of 8 sales people, 4 executives/managers, and 1 receptionist. The breakroom will consist of a refrigerator and microwave oven. There will be no showers on-site, no full meals will be prepared for the staff, and a single men's and women's restrooms. Customer visits will be rare and infrequent. Maximum of 1 on-site visit per month for conferences and/or meetings.

If your proposed business is a wedding venue / event center, church or religious facility, restaurant / food service provider, kennel, veterinarian clinic, or campground, complete applicable sections on page 2 of the pre-application form.

Section 5. For wedding venues / event centers:

1. Provide the number seats available for patrons. Do not put the fire / safety occupancy level. ISDH sizes wedding and event centers based on the maximum number of seats provided;
2. Indicate if the proposed facility will have an on-site kitchen where full meals will prepared, cooked, and served on-site. If so, provide a full menu of the food to be cooked and the method of cooking (i.e. baked, grilled, and/or fried) of each food.
3. Indicate if you will be utilizing an outside catering service where food will be prepared off-site.
4. If so, indicate if the outside catering service will be taking the used dishes off-site to be washed or if dishes will be washed on-site.

Section 6. Churches and Religious Facilities:

1. Provide the number of sanctuary / worship area seats (not the average attendance);
2. If there are wooden pews, provide the total lineal feet of pew space (e.g. 300 feet);
3. Indicate if the proposed facility will have an on-site kitchen where full meals will be prepared, cooked and served on-site. If so, provide a full menu of the food to be cooked and the method of cooking (i.e. baked, grilled, and/or fried) of each food and how frequently this will occur and how many people could attend.
4. Indicate if food will be prepared off-site and brought in (e.g. potluck / carry-in / pitch-in). If so, will glasses, dishes and flatware be cleaned on or off-site?
5. Will there be any large gatherings or events?
6. If so, provide a projected number of events, attendees per event, and if food will be served.
7. Is there a day care facility operated outside of normal worship hours?
8. If so, provide the total number of children and employees.
9. Is there an accredited school (not Sunday school) on-site?
10. If yes, provide the total number of elementary students, secondary students, and educators / staff.

Section 7. Restaurant / Food Service Provider:

1. Indicate the type of restaurant (check the applicable box).
2. Are meals prepared from scratch or pre-made ready to cook?
3. Will glasses, dishes and flatware be washed on-site?

Section 8. Kennel and Veterinarian Clinics:

1. Provide applicable numbers for each of the categories found in this section. If your facility will not have any of that particular category, enter 0.

Section 9. Campgrounds:

1. Provide applicable numbers for each of the categories found in this section. If your facility will not have any of that particular category, enter 0.
